PRODUCT PARAMETERS

- Working hours: 10hr(60%volume)
- Standby time: ≥300 hours
- Bluetooth range: ≤10m
- Frequency: 20HZ-20KHZ
- Bluetooth version: V5.0
- Charging time: 2-4 hours
- Working voltage: 5V/1A
- Rated power: 8W
- Waterproof level: IP67
- Battery capacity: 1800mAh

OPERATION INSTRUCTION

• Step 1

Long press the power button "⏻" for 2 seconds, there will be a power-on prompt sound. After power-on, the blue indicator light flashes quickly, and the speaker enters the Bluetooth pairing state, and the default volume is 80%. Each time the speaker is turned on, the speaker will automatically restore the default volume of 80%.

Notice:

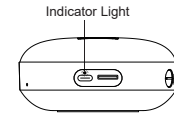

Inserting a TF card during Bluetooth playback will automatically switch to TF card playback mode.

• Step 2

Turn on the Bluetooth function on your mobile phone or other Bluetooth device, and then search for the speaker named MZ-500K. Connect to the speaker.

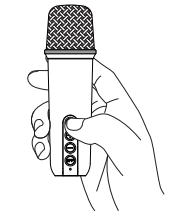

• Step 3

After the pairing is successful, there will be a prompt tone and the blue indicator light will be on for a long time.

• Step 4

Play music on your phone. When playing music, the blue indicator light flashes slowly.

• Step 5

Press and hold the microphone and speaker power button "⏻" to turn on the microphone, and press and hold the power button "⏻" to quickly flash the blue indicator light of the microphone to pair the microphones. The blue indicator light will stay on when working.

• Step 6

How to connect speakers with new equipment:

When connecting the speaker to the device, you can press and hold the Play/Pause/Pairing button "▶" for 2 seconds to cut off the current connection and enter the pairing state. Then, the blue indicator will flash fast and the speaker can be connected to the new device.

Note:

When Bluetooth is turned on, it will automatically reconnect, and it will turn off after 10 minutes without connection.

CHARGING TIPS

1. When the battery is low, the speaker will give a "low battery" prompt. You need to charge the speaker.
2. When charging, the red indicator light is always on, and the red indicator light is off when fully charged.
3. It is recommended to charge the product with lithium battery every three months if it is not used.

CONNECTION MEMORY FUNCTION OF THE SPEAKER

- The speaker will automatically connect to the last paired device, in case that BT function of the device is on, after turning the speaker on.

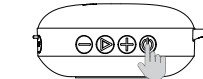

RECORDING MODE

- On the premise of inserting the SD card into the speaker, double-click the play/pause/ pairing button "▶" in the playback status to set the recording mode; Double-click the play/pause/pair button "▶" again to stop recording; Press and hold again for 2 seconds to play the recorded recording.

TF CARD MODE

After inserting the SD card, the speaker will enter the TF card mode. You can double click the power button "⏻" to enter the mode switch.

In TF card mode, when playing music, the blue indicator light flashes slowly.
